Assistant Vice President for Housing Services
Application

Name: _______________________________ Year: ________________
Major: ____________________

The role of the Vice President for Housing Services and its respective committee is to represent the residents to ResLife, Housing, Dining, and the University as a whole and to make the ResHalls the best they can be. As AVPHS you would have the opportunity to work on projects, create new initiatives, interact with different university offices, and generally assist the VPHS in everything they do. Beyond that you will also learn leadership skills, have a greater understanding about RSA, and, most importantly, help make Northeastern a better place to live.

1. Why do you want to be AVPHS?

2. If you’re new, why did you join RSA? If you’re old(er) what have you liked the most about RSA? Use this as an opportunity to talk about your experiences in RSA and what you’d like to see in it’s future.
3. This is a two part-er. First, describe something that you love about Northeastern. Second, describe something you think could be improved.

4. What are you passionate about outside of RSA?

5. What are your time commitments for the year? Co-op? Classes? Other involvement?

Thanks for applying!!!
